You walk in the room
The music starts to play
The taste of Chardonnay is on your lips

Incense in the air
And candles everywhere
The big fish are all there for one more dip

I'm not part of you little scene
I'm not buying what you sell to me
You're so damn good
You've got it all down to a tee
I'm not part of your little clique
Your spaced out friends are gonna make me sick
Tell me great one
Tell me what it all means

You know it's time to leave
The who's who that you know

Are going to that show
You don't want to miss

And so your bed is made
You charm them all and trade
A cocktail and a line for a kiss

I'm not part of your little scene
I'm not buying what you sell to me
You're so damn good
You've got it all down to a tee
I'm not part of your little clique
Your spaced out friends are gonna make me sick
Tell me great one
Tell me what it all means

You don't know, but I'm on to you
You don't know, but I'm on to you
