I finally found her but I haven't got a piece of her yet  
And I wanna tell you by the way I think I've ruined your  
body

She said I love you, but you're difficult  
Words I've heard so many times before but those  
words don't mean a thing  
They never meant a thing before you

I think I found her but I haven't found a way to her yet  
I wanna tell you by the way I think I've ruined your body  
I wanna tell her that I love her, but I just don't know  
(Just don't know, just don't know)  
Oh this is terrible

You sounded sober when you told me to come over  
I can tell it in the sound of your voice  
I know I better be careful  
She said I never wanna let you go  
She told me so  
Now let me tell you how these steps go.  
Step 1: Tell me what have I done  
Step 2: You know you better believe  
Step 3: You'll never be like me so  
La da da da da no no

I think I found her but I haven't found a way to her yet  
I wanna tell you by the way I think I've ruined your body  
I wanna tell her that I love her, but I just don't know  
(Just don't know, I just don't know)

Oh this is terrible

And in the rows in the pastor's church  
Full of empty sighs and wine  
And all the children have lost their hardened ways  
With their own sun blanked eyes

And in the rows in the pastor's church  
Full of empty sighs and wine  
And all the children have lost their way

I think I found her but I'll never let her in

So I guess we'll never know!

I think I found her but I haven't found a way to her yet  
I wanna tell you by the way I think I've ruined your body  
I wanna tell her that I love her, but I just don't know  
(Just don't know, I just don't know)  
Oh this is terrible  
Oh this is terrible  
Oh this is terrible  
I wanna tell her that I love her, but I just don't know  
(Oh this is terrible)  
(Just don't know, I just don't know, oh this is terrible)
