I am a million pieces of the sky
I found a way to be alone
I'm gonna wait until you want me
Until you finally decide to go home

Diamond, diamond are you all in the sky?
I can't believe all of these beautiful lies
As they surround me I will take a photograph of the sky
Bury me, bury me
Come on, bury me alone in the light

I am, I'm gonna run this like a lion
Another way to be alone
And I will wait until you find me
Until you finally decide to go home

(Don't go home! Don't go home!)

Diamond, diamond are you all in the sky?
I can't believe all of these beautiful lies
As they surround me I will take a photograph of the sky
Bury me, bury me
Come on, bury me alone in the light

I've never had a reason to take me away, yeah
I want it to be over
But I sit here and wait (x2)

I saw her smiling from the top of the world
I saw her sleeping on, amazing I know
If you lower, lower, lower me down
You lower me clearly, so come and lower me

Diamonds, diamonds are you all in the sky?
I can't believe all of these beautiful lies
As they surround me I will take a photograph of the sky
Bury me, bury me

Diamond, diamond are you all in the sky?
I can't believe all of these beautiful lies
As they surround me I will take a photograph of the sky

Bury me, bury me
Bury me, bury me (x2)
