I have a million pieces of the sky,  
I found a way to be alone.  
I'm gonna wait until you want me,  
Until you finally decide to go home (Go home)

Diamond, diamond, are you all in the sky?  
I can't believe all of these beautiful lies.  
As they surround my I will take a photograph of the sky.  
Bury me, bury me. (Come on bury me alone bury me)

I am, I'm gonna run this like a lion.  
Another way to be alone.  
And I will wait until you want me,  
Until you finally decide to go home.  
(Don't go home, don't go home)

Diamond, diamond, are you all in the sky?  
I can't believe all of these beautiful lies.  
As they surround my I will take a photograph of the sky.  
Bury me, bury me. (Come on bury me, bury me)

You never had a reason to take me away, yeah.  
I want it to be over, but I stand here and wait.  
You never had a reason (I started smiling from the top  
of the world)  
To take me away (I started speaking all the things that I  
know.)  
I want it to be over (and if you know that, know that,  
know I will die?)  
You know I'm a building  
So burn me, burn me.

Diamonds, diamonds are you all in the sky?  
I can't believe all of these beautiful lies.  
As they surround me I will take a photograph of the sky.  
Bury me, bury me. (Bury me, Bury me)

Diamond, diamond, are you all in the sky?  
I can't believe all of these beautiful lies.  
As they surround my I will take a photograph of the sky.  
Bury me, bury me. (Bury me, bury me)

Diamond, diamond, are you all in the sky? (sky)  
I can't believe all of these beautiful lies.  
As they surround me I will take a photograph of the sky.  
Bury me, bury me. (Bury me, bury me)
