[Intro]

I love you  
I love you  
And this is eternal, oh

It's love, true love  
That brings my heart to you  
Home to you girl, yeah  
And it's the same  
Deep feeling of love  
That brings you close to, to me baby  
Oh, but tonight I want my arms  
And body wrapped all around you  
All around you  
For as close as we both are  
So much closer we will be  
Believe in me, yeah

[1]

Here and now  
I wanna take a lover's vow  
I want you to come with me now  
Let's make tonight the first night of a love eternal

Day and night  
We'll have an everlasting life  
I wanna feel it shining bright  
Let's make tonight the first night of a love eternal

Here in this place our passions move  
Move in slow motion  
Oh, while the rest of the world  
In real time passes by, rushes by  
Oh, I expressly forbid  
Any heartache to ever, ever, ever, ever  
Come anywhere, anywhere, anywhere near you girl  
Oh, we'll use our love as protection  
You'll never, never, never, never  
Never have to cry oh, dry your eyes

[Repeat 1]

[Repeat 1]

I'll dry your eyes girl, oh

[Repeat 1]

[Repeat 1]

Hey, oooh, oooh baby  
Oh, Lord have mercy  
You see, all I know is I love you girl  
And I need you baby  
Ooo weee, oooh wee  
Ooo wee, ooh wee baby  
Ah, ah, ah  
Feel your body  
All around me baby  
I don't need no one but you girl  
Oh, for the rest of my life  
Your life and my life  
We'll be eternal

[2]

(Baby our love's eternal)

(Baby my love is eternal)

[Repeat 2 while:]

Oh whoa, whoa oh, oh yeah  
Yeah, oh I need, trust in you girl  
Nobody can tell me anything  
Anything, anything about you baby  
You been good to me girl  
Oh, this is forever baby  
Forever and ever and ever and ever  
Ever, ever, ever  
It's eternal  
Forever, ever, ever, ever, ever ever  
Oh, I, I love you girl  
I really, really, really, really, really really, really
