"This Land Flows With Milk"

Visit "[This Land Flows With Milk](#)" on MotoLyrics.com

The sun the moon
And the stars too
Fall to my feet
When I'm with you
Wilderness fades
With dark decay
December's june
November's may
This land flows with milk
This land flows with milk

Across the sea
You say today

I'm in your town, you're in the states
Even still we'll lie awake
Two thousand and one
The year of snakes

This land flows with milk
This land flows with milk

The sun the moon
And the stars too
Fall to my feet
When I'm with you
Wilderness fades
With dark decay
December's june
November's may
This land flows with milk
This land flows with milk

This land flows with milk
This land flows with milk...
