Baby, tell me why does it feel so bad
Tell me baby, why does my head hurt so
I wish I never knew why
I wish I never heard those voices calling me

It's been a long time wandering all around the city
square
Picking up nothing but garbage in the dirty rain
I get so tired of trying
Sometimes my only wish is to be blind

Always the same playground
Swinging around and around
Always the same faces
Never an up or down

Baby, tell me why did I drift so far
Tell me baby, why do I fall so hard
I wish I never knew why
Sometimes I wish I were blind
Why does my head hurt so
