(I can be a freak, let me show you how I do shawty)

Israel, Nu Firm

Aye

Uh huh (aye) uh huh (aye) uh huh (aye...)

All I need is a moment...

One last chance with you

All I need is a moment

I can make your dreams come true (oh)

I wanna be a freak tonight

I wanna be a freak tonight

I wanna be a freak tonight

Let me be there for you

I I can do you like that that that that

I can do you like that that that that

Cause I can do you like that that that that

Or I can do you like that that that that

Yeah yeah let me hear you say

Oh... oh... ohh (oh) ohh

Let me hear my freak say

Oh... (yeah) oh... (oh)ohh (oh) ohh

All I need is a moment...

To arrive in time with you (arrive in time with you)

Lets get up out this club

We can have some fun

Do what you wanna do (oh)

I wanna be a freak tonight

I wanna be a freak tonight

I wanna be a freak tonight

I wanna be a freak tonight...

I I can do you like that that that that

I can do you like that that that that

Cause I can do you like that that that that

Or I can do you like that that that that

Yeah yeah let me hear you say

Oh... oh... ohh (oh) ohh
Let me hear my freak say
Oh... ohh... (oh) oh (ohh) oh yeah yeah yeah

I can tell by your eyes
I can see that you want me (want me yeh)
Girl you that I'll give you something extraordinary
(yeahh)
I wanna be a freak tonight
I wanna be a freak tonight
I wanna be a freak tonight (oh yeah yeh)
I wanna be a freak tonight

I I can do you like that that that that
I can do you like that that that that
Cause I can do you like that that that that
Or I can do you like that that that that
I I can do you like that

(I can do you like that)
