"By Christmas Day"

Visit "[By Christmas Day](#)" on MotoLyrics.com

Another year has passed
Life just moves too fast
Where will I find time to live my dream
There's so much left of me to be
Expedite and bring to life those things I need

Hear my prayer
My request
This is my earnest plea
Hearts desire what I believe to see

God let it be if You don't mind
Could it be mine by Christmas day?
Hear what I say, not a time line
Just let it be mine Christmas day

My time to save the world
Or help one boy or girl
By simply taking out the time to hear
What could it hurt to help to dry a tear
Or letting one lonely heart know I care

Let it be mine
Let it be mine
Let it be mine
Let it be mine, Christmas day
