"Happy"

Whatever you'll be,
Be insistent

Know your mind,
Be consistent

Millennium dies
Before your eyes

Let your body lose control
Let yourself lose control

Let it show, let it show

Communication's to be
Effective
Learn to define your own
Directive

Whatever you'll be
You'll be invincible

Be a force that's
Irresistible

There's time to learn
And there's time to earn

Let your body lose control
Let it go, let it go,
Let yourself lose control

Let it show

Be happy!
