I can not be certain of
Any event or place
Moving without effort
We will do the job for you
You've seen a strawberry
Mr Robinson behave
Mr President says
That everything is under control

We normally use
Only ten percent of our minds
Try the new color-stay lipstick
That won't dry your lips
Nothing seems true today
But the death of the golden fish

Radio control No will Tv Media control You are not free You are not free

I choose not to choose life
And the reasons
There's no reason!
Who needs reasons
"To be or not to be"
Where is the point!
Drink "magic beer"
And be stronger
But who do you think you are
The cinema is an invention without a future
