Young but now I'm older
Never have I seen the righteous forsaken
Believe in what You told me
You would always hold me safe in the palm of Your
hand

Even though I go through the valley of the shadow
I'm not forgotten
And I'll never let a day go by my, my
Lemme shout it from the mountain

I just wanna say I'm not afraid
I know that You are with me always

Young but now I'm older
Never have I seen the righteous forsaken
Believe in what You told me
You would always hold me safe in the palm of Your
hand

Even though I go through the valley of the shadow
I'm not forgotten
And I'll never let a day go by my, my
Lemme shout it from the mountain

I just wanna say I'm not afraid
I know that You are with me always
I give You praise
For every day I know You'll never leave me, no way

Said You'd never leave me
Said You won't forsake me
Never leave me lonely
God, God, I surely believe it

I just wanna say I'm not afraid
I know that You are with me always
I give You praise
For every day I know You'll never leave, no way

Said You'd never leave me
Said You won't forsake me

Never leave me lonely
Surely I believe it

Said You'd never leave
Said You won't forsake
Never leave me lonely
Surely I believe it

Said You'd never leave
Said You won't forsake
Never leave me lonely
Surely I believe
