Hi Guys,  
Welcome to Abbey Road  
Please come in.

Oh wow. Thank you so much.

Verse 1:

How can I thank You for the way that You freely gave  
Love so beautiful  
Unconditionally  
I had to stop, take a break, feeling good today  
Everything's wonderful  
You didn't have to do this for me

But then I look and see  
All of the suffering  
Wanna do something  
But something's got to start with me  
I can't give it  
Til I live it  
Now that my eyes are opened  
Teach me how to love

Chorus:

Love God  
Love People  
Love my neighbor as myself  
My brother  
My sister  
Everybody love somebody  
Oh...oh...oh...  
Love somebody

Verse 2:

And now it's time to make a change  
Revolution Day  
Put it into action  
And live compassionately  
You take the black and the white  
Red, Yellow, Brown  
Life gets better  
It just gets better when we

We look around and see  
All of the humanity  
Waiting on someone  
That someone is you and me  
You can't give it  
Til you live it  
Now that your heart is opened  
Just reach out and love

Chorus:  
Love God (Love God)  
Love People (Love People)  
Love my neighbor as myself  
My brother  
My sister  
Everybody love somebody

Love God (Love God)  
Love People (Love People)  
Love my neighbor as myself  
My brother  
My sister  
Everybody love somebody  
Oh...oh...oh...  
Love somebody

Chant:  
L...O...V...E...  
L...O...V...E...

Vamp:  
You can't give it  
Til you live it  
You can't live it  
Til you give it away  
You can't give it  
Til you live it  
Now that your heart is wide open  
You've gotta give all of your love

You can't give it  
Til you live it  
You can't live it  
Til you give it away  
You can't give it  
Til you live it  
Now that your heart is wide open  
You've gotta give all of your love

Bridge:

You can't live without giving love  
So let your heart be open  
Just reach out and  
Just reach out and love

Chorus:  
Love God (Love God)  
Love People (Love People)  
Love my neighbor as myself  
My brother  
My sister  
Everybody love somebody

Love God (Love God)  
Love People (Love People)  
Love my neighbor as myself  
My brother  
My sister  
Everybody love somebody  
Everybody love somebody  
Everybody love somebody
