I told her
I can get her in the V.I.P
And I told her
She should come and roll with F.Y.B
And I told her
Hop in that Rover, let's hit these streets
And I told her
After this I'll take her out to eat

I told her
She should come and ride with me
I told her
Everything G shawty we ain't gotta creep
Man I told her
Shawty hop in that Rover
Bout to turn it back over
Bring yo body a lil closer
Shawty it ain't over
(It ain't over, Rover)

I told her I'm on fire
And she was like I know
She said she like my ride
Then I said leggo!

[X2:]
Leggo, leggo, leggo
Keep It on the Low

She told me she on fire
And I was like I know
Took one look in her eyes
All she said leggo

[X2:]
Leggo, leggo, leggo
Keep it on the low

Her face bad, but her booty thicker than a snicker
Give me 10 seconds and I bet you I'm a get her
Bad lil chick, got me wanna touch and feel her

Her whole crew bad, I want everybody with her

Look I'm a pull up on her in that 2 doe'
And I'm a pull up on it like what it do doe'
Got her off in the whip of the pool doe'
Bring your friends cause I got my whole crew yo'

I told her I'm on fire,
And she was like I know,
I looked her in the eyes,
And said baby let's go

I gotta let you, gotta let you, gotta let you know
Just keep it on the, keep it on the, keep it on the low

I told her I'm on fire
And she was like I know
She said she like my ride
Then I said leggo!

[X2:]
Leggo, leggo, leggo
Keep It on the Low

She told me she on fire
And I was like I know
Took one look in her eyes
All she said leggo

[X2:]
Leggo, leggo, leggo
Keep it on the low

I told her, hold up, bring it back down then go up [x2]
I told her, hold up, bring it back down then slow up

All I wanna do is hold her
She the baddest in the building and I told her...

Whoa, whoa, whoa
Drop it, drop it low (drop it low)
Whoa, whoa, whoa (whoa)
Drop it, drop it low (go drop it low)

Whoa, whoa, whoa, whoa (whoa)
Baby I-let go (let go)
L-I-let I-let go
Ba-ba-ba drop it low

I told her I'm on fire
And she was like I know

She said she like my ride
Then I said leggo!

[X2:]
Leggo, leggo, leggo
Keep It on the Low

She told me she on fire
And I was like I know
Took one look in her eyes
All she said leggo

[X2:]
Leggo, leggo, leggo
Keep it on the low
