skiro bio deepy eyes

licky licky lover lover susu susu
them a back staba
licky licky lover lover susu susu
them a back staba

a pot, bigger than your dad Bob, come on
bigger wake your moth, like a tuesday's on the path
bigger than your dad Bob, hey yeah
a natty dread went to crap your code

said, not as sticky ship
when go 'round the whole world
then when no I run no more
then when the pidgeons can't go

living the life, you see
almost releasely
one love is so holy holy righteous
holy righteous, you see

seeking this shaltive words
from his majesty
they stabbed you in the back
and then you see he was looking
they stabbed you in the back
and no want to know if it was good kid

put on your holy holy bless
gonna church by sundays
what do we need it working?
working from mondays

farm center must wait down
down to waste my line
I hit you, you hit I,
they hit us each other
into hurry binny bun

tell me someway

every little thing you go cheminy
could be a man, check
could be a man

every little thing you
can check, can check, can check
check this could be a man

(guitar solo)

littley littley littley dumpties
wretched upon the wall
like hell empty bottles, you know
they also stumble and fall

licky licky lover lover susu susu
them a back staba
licky licky lover lover susu susu
them a back staba

a pot, bigger than your dad Bob, come on
bigger wake your moth, with a tuesday on the path
bigger than your dad Bob, hey yeah
the natty dread went to crap your code

said, not as sticky ship
when go 'round the whole world
then when no I run no more
then when the pidgeons can't go

living the life, you see
almost releasely
one love is so holy holy righteous
holy righteous, you see
