Jailhouse rocking...jailhouse rocking  
Prisoner chanting cause they want to come out

It's been a long time  
My brothers and my sisters  
I've been taken away for such a long time  
Locked behind the bars in Spanish town  
Locked behind the bars in Richman farm  
Locked behind the bars in Fort Augustus  
Said I know what you're going through  
Said I know what you're feeling too  
Though I know a lot of you are innocent  
Serving the time of a convicted prisoner

Jailhouse rocking...jailhouse  
Prisoners chanting for they want to come out  
Jailhouse rocking..jailhouse  
Look and take a stock

So when the youths come check you for work to do  
The reply is tellin' them "I can't help you"  
Look upon their feet , not even a shoe to wear  
Look upon their raiment, all you see is tear  
How do you think they gonna survive  
Guess you should have known by now  
They'll be robbin, stabbin, looting in the street  
And I know each and veyone needs to eat  
They'll be robbin, stabbin, shootin all over  
And I tell you that it happens on the corner

Jailhouse rocking...jailhouse rocking  
Look and take a stock

So many times jailers guys come down on you all  
With their baton stick and a whole lot of licks  
Jailhouse rock...jailhouse rock...jailhouse rock  
Prisoners chanting for they want to come out
