The jungle jungle jungle  
We're living, we're living in the hood  
Just another day, riding through the hood  
just another day, haning out around the way  
Just another day, remember what Latifah say  
Just another day, the natty dreadlocks around the way  
In this yah concrete jungle, in this yah concrete jungle  
Livity in the hood

You've got to give respect to get respect  
Don't no try to disrespect. In no aspect.  
Concrete jungle, in this a concrete jungle  
Chillin in the hood  
When I down a Jamdown when I'm riding through the  
scheme  
Associate with the youth and youth and youth from in a  
Painland  
Associate with youth and youth and youth from 'round  
a Backtoo

Associate lself with the Cockburn Pen crew  
Right in your neighbourhood  
When I down a Jamdown when I'm riding through the  
scheme  
Now I in a Uncle Sam they call it the projects  
Associate with youth and youth and youth ina Cyprus  
Associate lself with the Ninety Six crew

Concrete wall, they all surround me  
Like the trees of the forest seems to all gone  
Busy sidewalks, crowded carparks  
So we chuck it on the subway track  
We hit the highway heading for Broadway  
We gone go hit them with this jungle rock

Every other day, bam, bam, bam, bam, bam  
Another bite the dust, another in the slam  
It's not hype or it's not cool  
You get left back or you get kick out of the school  
In this society education, it is necessary  
Living on the edge, right here in the danger zone
