Life is just for living.
It's your life and you got to choose.
Life is something one should never abuse.
You've got your trouble, your grief and your pain.
You thinking of running, but you're running in vain.
You can run but you can't hide.
You can run but you can't hide.
Tax increase Price increase. / Yet my salary still
decrease.
Crisis here. Crisis there.
And crisis here, there and everywhere.
We got to have money. Spending money.
Give me that money. A little more money.
Scuffling to make a two ends meet.
But the cry of unemployment is raving the street.
Work all week from a nine to five.
But the economic crisis, it's twice as hard to survive.
You tell me if I want some fun....
Money make the mare run. / No bother with no back
talk.
Money talk and a....
It's your life and you got to choose.
Life is a something you should never abuse.
We need some money. Gimme some money.
Tax increase. Price increase.
Life is just for living. Life is just for living.
