Alas here is your serenade my darling that leaves you  
speechless and weak  
May it teach you how to feel  
May it remedy your heartlessness  
And may your cries not interrupt this swansong  
This is a call to arms for all who recognize romance as  
As a dying scene  
Who'll take it to their graves  
This is a call to arms for all who hold this sacrament  
close  
May our hearts burn on  
How dare you weep  
For it's insincerity that trickles down your face  
Alas here is your serenade my darling  
And oh what a long time coming it has been  
This cruel lullaby that shall plague your dreams  
And carry me towards revolution  
This is a call to arms for all who recognize romance as  
As a dying scene  
Who'll take it to their graves  
This is a call to arms for all who hold this sacrament  
close  
May our hearts burn on  
I'll sing for you the threnody of modern romance  
This is a call to arms for all who recognize romance as  
As a dying scene  
Who'll take it to their graves  
This is a call to arms for all who hold this sacrament  
close  
May our hearts burn on
