That's right Icey Jadakiss
Ya heard let's get it on

You got a house on the hill
Chromed out ride you live that life giving me
everything that I dream
All the time on a creep first class flights, sea in sight all
night
Never thought that is could ever take control of me

Day and night I know what to do
You're always on mind dreaming of you
It feels so right but I know that it's wrong
That I know I got a man just can't leave you alone

Quiet nights on the sand, private beach
Shopping sprees, diamond rings, all the things that I
can't get at home
Never could understand a thing like me to under use
the material things
I'm caught up in love of a secret life

Day and night I know what to do
You're always on mind dreaming of you
It feels so right but I know that it's wrong
That I know I got a man just can't leave you alone

Never thought that I could ever feel this way
All the things that I believed in went away
Right from the start you took my heart
I'm in love what can I say

A yo, you just can't leave me alone see me alone
The Porche is black, the B's is chrome
He's at home, you with me
It's the 4.63 cribs and some jewelry

Don't worry, I can put you through school for free
So if that's cool with you it's cool with me
Princess Shaneti tennis your wrist
Anything you wish Icey and Kiss you thinking of me

So what you really got him for let's go to the mall
And close down the Prada store
And even if you don't rock diamonds
Maybe you would like to go deep sea fishin'

And rock climbin', pop wine and horse-back ridin'
You shot gun scared 'cause the Porche
Back slidin' and your friends say that Jay ain't right
But you know we go together like day and night

Day and night I know what to do
You're always on mind dreaming of you
It feels so right but I know that it's wrong
That I know I got a man just can't leave you alone
