You'r Aesthetic perfection has fooled me once again...
You'll always be the only one who feels like home.
And with your hollow words and your plastic smile,
You have the most beautiful name I've ever cursed.

Yet I wait for you to find your way into my arms.

And I'd wait here till you find your way, I would wait
here all my life...
I'd spend the rest of my days praying for an end to this
mystery.

Though this dichotomy has brought me to my knees,
You'll always be the only one who feels like home.
And with your hollow words and your plastic smile,
You have the most beautiful name I've ever cursed.

Yet I wait for you to find your way to my arms.

And I'd wait here till you find your way, I would wait
here all my life...
I'd spend the rest of my days praying for an end to this
mystery.

You must, find a way, right back in my arms again.

And I'd wait here till you find your way, I would wait
here all my life...
