All hail the unseen one he who dances in the  
Shadows  
Bathing in the darkness exuding from the very bowels  
Of mankind, with such longanimity had he tolerated  
This anomie, but now with unimagined malice he prays  
For an end to the atrocity known as man

(chorus) And when the world finally comes to an end,  
He'll simply laugh and smile, for he would take such  
Comfort in knowing there would be no tomorrow, he'd  
Take such comfort in knowing we will never see  
another  
Day

Sweet irony has reared itself again, in that the  
One who is disgusted with the way mankind has

Degenerated wishes for all that is living to suffer

Understand that he is hopeless, he is bitter, and  
He is filled with great spite, from witnessing first  
Hand man's decline, he is simply hopeless, he is  
Bitter and is filled with great spite

(chorus) And when the world finally comes to an end,  
He'll simply laugh and smile, for he would take such  
Comfort in knowing there would be no tomorrow, he'd  
Take such comfort in knowing we will never see  
another  
Day

Bidding Farewell to a loathesome world...
