Through the shadow of night, the lost and the sullen
Pariahs ignite the skies, leaving our worlds behind
Pillaging life beneath a western sky

Not one soul to spare
Falling to their knees praying to idols
Who are no more than vagrants spreading disease

But we're just feeding the frenzied
Luring them in and quenching an insatiable
Thirst for the grim and despairing, grim and
despairing lay

We're on the road to damnation, upon horses pale we
ride
Plaguing the earth everlasting, as the hounds of hell do
bite

Through the piles of flesh, the damned and putrid
These mavericks will now descend, leaving our brides
behind
Demoralize beneath a western sky

Not one soul to spare
Falling to their knees praying to idols
Who are no more than vagrants spreading disease

But we're just feeding the frenzied
Luring them in and quenching an insatiable
Thirst for the grim and despairing, grim and
despairing lay

We're on the road to damnation, upon horses pale we
ride
Plaguing the earth everlasting as the hounds of hell do
bite

We're on the road to damnation, upon horses pale we
ride
Plaguing the earth everlasting as the hounds of hell do
bite
We're on the road to damnation, upon horses pale we

ride
Plaguing the earth everlasting as the hounds of hell do
bite
We're on the road to damnation, upon horses pale we
ride
Plaguing the earth everlasting, forever we will ride
