Pessimism aside, I'll search  
To the edge of the earth  
Just to find the  
Enchantment of her voice in perfect rapture  
Steered by the sound  
Of persuasive song  
Seeking absolution  
With tears to match my plaintive woes  
We'll create our own truths

Through these  
Timeless fables  
For this I've waited so long

The fates have spun  
The noose it seems  
Please sirens set me free  
Ravish me with seraphic song

Seduction leaves the lips of the  
Exquisite sirens [exquisite sirens]  
Attired in white leaving me in a  
Asphixiated reverie  
Can we rewrite history  
We'll create our own truths

Develop  
An ending without  
You drowning in the black depths

The fates have spun  
The noose it seems  
Please sirens set me free  
Ravish me  
With seraphic song

With each note and word I fell victim to the sould of her  
Resplendence  
Personnified

Set me free  
Sirens set me

Set me free

The fates have spun the noose it seems  
Please sirens set me free  
Ravish me with seraphic song

With each note and word I fell victim to the sound of  
her  
Resplendence  
Personnified  
Ohhhhh sirens set me [sirens set, sirens set me free]

Ravish me with seraphic song
