Everything. Devoured.  
I learn to hold my, will power.  
Everything. Devoured.  
I learn to hold my, will power.  
When it comes, it falls in pieces.  
Eating holes and gems unbound.  
Birds and hearts and flags and everything.  
Said, everything. Devoured.  
I learn to hold my, will power.  
Said, everything. Devoured.  
I learn to hold my, will power.  
Money matters. Does mercy matter?  
Suddenly, as things are clearer,  
See the sights are getting nearer.  
Said, everything. Devoured.  
I learn to hold my, will power.  
Said, everything. Devoured.  
I learn to hold my, will power.  
Money matters. Does mercy matter?  
Suddenly, as things are clearer,  
See the sights are getting nearer.  
Said, everything. Devoured.  
I learn to hold my, will power.  
Said, everything. Devoured.  
I learn to hold my, will power.  
Money matters. Does mercy matter?  
Suddenly, as things are clearer,  
See the sights are getting nearer.  
Everything. Devoured.  
I learn to hold my, will power.  
I said, everything. Devoured.  
I learn to hold my, will power.  
When it comes, it falls in pieces.  
Eating holes and gems unbound.  
Birds and hearts and flags and bugs.  
Said, everything. Devoured.  
I learn to hold my, will power.  
Said, everything. Devoured.  
I learn to hold my, will power.
