

It Will Come "Forever Lost"

I go
I see
I breathe
I feel
I go forever lost

I'm blind
I'm scorched
I'm burned
I'm numb
I feel forever lost

Visions so clear in me
Runaway
Bleed for me darling
Crucify
Die for my sins and my love

No words
No sound
No thoughts
No pain
No feeling forever lost

No love
No hate
Never again
No more forever lost

Ending these feeling
Empty inside
No words to say, nothing
Silent good bye
Forever lost
