You can find the rhythm in the sound of passing cars  
You can smell the blood in the river of broken hearts  
Steal some old pictures and deliver a work of art

Yeah, yeah, but you can't love me anymore (Yeah)  
Yeah, but you can't love me...

I could build a bridge to my heart and lead the way  
I could build a home for your world I could not betray  
Keep you safe always

Yeah but you can't love me anymore (always)  
Yeah but you can't love me always  
Always  
Always

Yeah  
Yeah  
Oh whoa, whoa, whoa, whoa  
Yeah

Always  
Yeah, but you can't love me anymore (always)  
Yeah, but you can't love me...
