After all is said and done
Am I still the one that's numb?
After all is gone and lost
Am I empty?

All this questioning has sent my mind astray (Whooh)
And all the words we left unsaid still torture me...

I'm out of my mind for you
I'm out of my mind for you
I still hear you say my name over and over
I'm out of my mind for you

I guess I'll stay this way for now
And maybe fix myself somehow
I'm falling deep, alone again (again... again)
I'm not hopeless

Please think of me when your in dire need (when your
in dire need)
I wont turn my back, I'll laugh and watch you bleed

I'm out of my mind for you
I'm out of my mind for you
I still hear you say my name over and over
I'm out of my mind for you

And I'm still trying to find myself without you
And I'm just fine

But I'm out of my mind for you
I'm out of my mind for you
I still hear you say my name over and over
I'm out of my mind for you
I'm out of my mind for you

And I'm still trying to find myself without you
And I'm just fine

I'm out of my mind for you
I'm out of my mind for you

I'm out of my mind for you
I'm out of my mind for you
And I'm still trying to find myself without you
And I'm just fine

I'm out of my mind for you
I'm out of my mind for you
I'm out of my mind for you
I'm out of my mind for you
And I'm still trying to find myself without you
And I'm just fine
