Oh what a tangled web we weave
When first we practice to deceive

Keep your eyes on me
Youve been a bad girl
I've got no sympathy
Lets not make this harder than it has to be
Youve been fooling around
Last call, drink up
Find your hook up
Youve been getting around
I said youve been sleeping around

Keep your eyes on me
Well, tell me lies
Tell me anything at all

Oh what a tangled web we weave
When first we practice to deceive
There's no good girls gone wrong
Just bad girls in this song
What you see is what you get
This message was brought to you by my bayonet
Don't worry, you wont feel a thing
Cause I never meant anything to you
