Growing up,  
Never stops  
What you need  
Always seem far more important than me

Wake me up, shake me up, tell me why I'm burning  
inside  
How can I ever become who I want to be?  
If the one who keeps pulling me down is a part of me?

Oh no, why can't you see all the things that you're  
doing to me  
Rip my heart out, smash it in two  
Never thought you'd take it this far  
I-O-U

Heart is own  
No controle  
Far from home  
All alone  
Raising myself on my own

I guess the sun just wont come  
Around some day take me away

How can I ever become who I want to be?  
If the one who keeps pulling me is a part of me?

Oh no, why can't you see all the things that you're  
doing to me  
Rip my heart out, smash it in two  
Never thought you'd take it this far  
Oh  
Oh no, why can't you see all the things that you're  
doing to me?  
Rip my heart out, smash it in two  
Never thought you'd take it this far  
No

Wish that someone please would take me home  
Don't think I can take this anymore  
All this life keeps burning up inside

See me now, show me how

Oh no, why can't you see all the things that you're  
doing to me?

Rip my heart out, smash it in two, never thought you'd  
take it this far

Oh no, why can't you see all the things that you're  
doing to me?

With my heart out smashing in two, never thought  
you'd take it this far

All of these feelings are burning alive  
Noone can see them they're all deep inside  
Long for the day I'll be taken away  
Long for the day I can say I feel safe

Moment by moment you're wearing me out  
Can't change a thing if you're not knowing how  
Say that you're sorry and sale it away  
This is the last you can do  
U-O-Me  
Yeah-eah
