Absoluta putrescentia cupri  
Natura bestiae Viridis  
Ex dagim subversum est"  
Dominus BAL Victrix

Viscus vulcanicum canos daemonium  
Corvinã´rum vomit  
Insimul plexus solaris meus  
Lucis Nigris emanate  
Hic ad ORB ZRQ supervenit  
Quod tempus contegere  
Umbra morta terrae furori alati est

Ex flamma aeterna ad flammam aeternum  
Ex mori aeterni ad mortem aeternum

"Netzah cruore effluent  
Per cupiditatem mortem  
Victoria dei domita est"  
Venus contaminatus
