Please don't be let down, don't you stick around
Longer friend
I hope I don't sound mad, all the times we had
It's hard to feel the end
I know we had it in control
It's just this road we've taken so long
We've always seemed to find simple common ground
bigger in the end
I listened very hard tried to play the part
Well where do I begin
So many things that I don't know
The simple things that I've been shown
Have gone away
I'm not, I'm not as strong as I was
People just think I am
I hope I'm not losing a friend
It's hard to dream in the dark
Some how there's peace in my mind
When I see you running away
Please don't be let down don't you stick around
