You found me, You found me

Once I was lost but now I'm found

You loved me, You loved me

You broke the chains that held me down

You healed me, You healed me

Once I was blind but now I see

You freed me, You freed me

With what You did at Calvary

Thank You for the cross

You are stronger than sin, You're the cure for my
disease

You are more than enough, more than enough for me

Your grace has made a way for me to say what I
believe

I am found, I am loved, I am healed

I am free, I am free

You found me, You found me

Once I was lost but now I'm found

You loved me, You loved me

You broke the chains that held me down

You healed me, You healed me

Once I was blind but now I see

You freed me, You freed me

With what You did at Calvary

Thank You for the cross

You are stronger than sin, You're the cure for my
disease

You are more than enough, more than enough for me

Your grace has made a way for me to say what I
believe

I am found, I am loved, I am healed

You are stronger than sin, You're the cure for my
disease

You are more than enough, more than enough for me

Your grace has made a way for me to say what I
believe

I am found, I am loved, I am healed

I am free, I am free, I am free, I am free

Come on, well I was lost locked down in the prison of
my mind

I was blind to the ways that had me caught up in a bind

I was bound by the shackles that were tacklin' my hope

I was livin' like a fool who'd been given much rope

Steady me, steady me 'cause I'm about to freak

Steady me, steady me, it's gettin' kinda deep

But then You crept in, stepped in with a ray of light

One glimpse from the fence and I fell to Your side

Steady me, steady me 'cause I'm about to freak

Steady me, steady me, it's gettin' kinda deep

'Cause one shot of Your grace and my space been

changed

To a clear atmosphere, it's a brand new day

'Cause I'm free baby, I'm free

They can't take it away from me

'Cause I'm free baby, I'm free

They can't take it away from me

No more chains holding me, I have been delivered

No more chains holding me, I am free indeed

No more chains holding me, I have been delivered

No more chains holding me, I am free indeed

No more chains holding me, I have been delivered

No more chains holding me, I am free indeed

No more chains holding me, I have been delivered

No more chains holding me, I am free indeed

'Cause I'm free baby, I'm free

They can't take it away from me

'Cause I'm free baby

They can't take it away from me
