move on up, you're such a sexy love
when you get on down, you're better than another
move on up, it's such a hot sensation
when you get alone oh, i can roll this nation
get on down, you're trying out my wave
you just tie me, there's no time for maybe

cause i'm a lady lady lady easy lady
lady playing fashions trough the night
cause i'm a lady lady lady easy lady
playing real emotions, move on out

move on up, i'm gonna teach your lover
gonna work on you, i hope you wont discover
move on up, you're really down and fears me
try try harder, you know you must please me

cause i'm a lady lady lady easy lady
lady playing fashions trough the night
cause i'm a lady lady lady easy lady
playing real emotions, move on out
