When I'm alone and you don't know how
Some people hold inside your heart
Don't be afraid
Hiding yesterday
The best in your life is yet to come
Oh babe, oh hard to me
That's always from my love

Chorus

Look around
Can't you feel?
All I know is all that you need
Breathing out
Breathing in
No one knows where it all dancing
Look around
Can't you feel?
All I know is all that you need
Breathing out
Breathing in
No one knows where it all dancing
Where it begins, where it begins

[Dialogue

Ivete Sangalo: Nelly Furtado, pessoal!
Nelly Furtado: Eu quero um beijo, Ivete]

When I cry
You very fast
And it's not enough
It's okay
There'll be a chance
To be strong again
Another light got always
Oh babe, oh hard to me
Keep your life, oh love

Chorus

Look around

Can't you feel?

All I know is all that you need
Breathing out
Breathing in
No one knows where it all dancing
Look around
Can't you feel?
All I know is all that you need
Breathing out
Breathing in
No one knows where it all dancing
Where it begins, where it begins

[Ivete Sangalo: Brazilians!]

Oh yeah, oh yeah, oh yeah, oh yeah
Oh yeah, oh yeah, oh yeah, oh yeah

[Ivete Sangalo: You, you and Nelly.]

Oh yeah, oh yeah, oh yeah, oh yeah
Oh yeah, oh yeah, oh yeah, oh yeah

Look around
Can't you feel?
All I know is all that you need
Breathing out
Breathing in
No one knows where it all dancing
Look around
Can't you feel?
All I know is all that you need
Breathing out
Breathing in
No one knows where it all dancing
Where it begins, where it begins
