Every night we wonder
My trust in you and me
As we travel the road together
I sing this melody
Oh, oh oh ohh, oh oh ohhh

[Spoken foreign language]

If along the highway
A pretty girl comes by
And she's willing to go my way
Oh, oh oh ohh, oh oh ohhh

[Spoken foreign language] Carla

But when the road gets lonely
And I'm too tired to roam
I just climb aboard the railroad
And sleep the whole way home
Oh, oh oh ohh, oh oh ohhh

Hey! hey! Hey!
