Mary

Mary feeds on the city lights  
When you let her out walking down the street  
So I said, sir I feel all right  
And Iâ€™m going out  
Walking down the street

Mary, well I can guarantee sheâ€™s really weary  
Whatâ€™s your game?  
Mary well I can guarantee sheâ€™s really weary  
Whatâ€™s your way?

So I see cars and flashing lights  
And I catch her now  
Running down the streets  
Little girls do feel alive  
Now you made the news, now you made the scene

Mary, well I can guarantee sheâ€™s really weary  
Whatâ€™s your game?  
Mary well I can guarantee sheâ€™s really weary  
Whatâ€™s your way?

Mary, god I want her, said I want her
