Please wait for me

I miss the holidays  
The way you looked at me  
Please wait for me  
I'm coming back to you in portland

I should have stayed back there with you on the coast  
of Maine  
I should have stayed back there with you  
I should have stayed back there with you on the coast  
of Maine  
I should have stayed back there with you

I missed our city  
The nights out walking  
Please wait for me  
I'm coming back to you in Portland

I should have stayed back there with you on the coast  
of Maine  
I should have stayed back there with you  
I should have stayed back there with you on the coast  
of Maine  
I should have stayed back there with you

I should have stayed, I should have stayed  
I should have stayed, I should have stayed

I should have stayed  
I should have stayed, I should have stayed  
I should have stayed  
I should have stayed, I should have stayed

Why is love so unforgiving?

I should have stayed back there with you on the coast  
of Maine  
I should have stayed back there with you  
I should have stayed back there with you on the coast  
of Maine

I should have stayed back there with you
