Dark stars in the summer skyline
Parked car with the lights still on
We lay low; we kill the radio
You smile, but there's something wrong

Long days spent in silence
Long nights with the headphones on
Don't know where you had to go
You're already gone

And it only goes to show
There are worlds I'll never know
There are rooms I'll never find
In the corners of your mind

Ba ba, ba ba, ba da da da
Ba ba, ba ba, ba da da da
Ba ba, ba ba, ba da da da
Ba ba, ba ba, ba da da da

White noise from across the city
Rush hour in the pouring rain
Could be the way you look at me
Something's not the same

And it only goes to show
There are worlds I'll never know
There are rooms I'll never find
In the corners of your mind

Sometimes
When the sun shines
I feel like I can see inside
The places you go

And it only goes to show
There are worlds I'll never know
There are rooms I'll never find
In the corners of your mind

And it only goes to show

There are worlds I'll never know
There are rooms I'll never find
In the corners of your mind

Ba ba, ba ba, ba da da da
Ba ba, ba ba, ba da da da
Ba ba, ba ba, ba da da da
