Standing by yourself  
High on the hills above the ocean  
This is where you'd come  
To walk with your friends  
Strange how it leaves you  
With no emotion

Chorus:  
You can't fight the undertow  
Not when you're all alone  
You can't fight the undertow  
How long til you let go

Take it one step back  
Try to pull yourself together  
No matter what you say  
Nothing you do  
Can hold by the forces of youth forever

Chorus:  
You can't fight the undertow  
Not when you're all alone  
You can't fight the undertow  
How long til you let go

(Musical Brigde)

You can't fight the undertow  
Not when you're all alone  
You can't fight the undertow  
How long til you let go  
How long til you let go

(Music Fades)
