I'm falling just as fast as you

When all that's left is blame
Oh, there is nothing to do
Nothing to do but escape

Oh, the light burned out on us a few weeks back
Oh, the light burned out on us a few weeks ago
Lucky for us, lucky for us

Hopelessness has left us falling
Don't look to me, I'm falling just as fast as
Just as fast as you, I'm falling just as fast as you

I wish I could help you, honey
I really do, but just what am I to do
If we really are one and the same?

And we have forced each other
Into all of these mistakes
We're gonna need somebody else to do our saving

Hopelessness has left us falling
With nothing to cling to
Don't look to me, I'm falling just as fast

Hopelessness has left us falling
Don't look to me, I'm falling just as fast as you

The vultures are set on my flesh
They're tearing at the faith in my chest
Vultures are set on my flesh
And they're tearing at the faith in my chest

Hopelessness has left us falling
With nothing to cling to
Don't look to me, I'm falling just as, just as fast

Hopelessness has left us falling
Don't look to me, I'm falling just as fast as
Just as fast as you
