I want to open every door
To your soul, I want to find,
Just how deep we shoved them cold?

I know that you hid those keys away,
In somewhere you thought they'd be safe,
From the man who had the right to break into your
heart.

You will never be alone again.

You and I will not conform to this world of lies,
We'll live alone/a love?
We decide to build our lives with foundations in trust,
To live in love.

I won't ever stop before,
I'm the one, your man, your love,
The one you've always waited for, at me.

All of your beauty,
Just like you need my strengths,
I won't stop until your heart has been relieved.

I pray you let me in.

You and I will not conform to this world of lies,
We'll live alone/a love?
We decide to build our lives with foundations in trust,
To live in love, live in love.

Come along with me,
Cause you don't want to miss this honey,
You're lighting quite a story here.
And I need you to play the leading lady for me.

No one else but you,
No one else but you.

You and I will not conform to this world of lies,
We'll live alone/a love?
We decide to build our lives with foundations in trust,

To live in love, live in love.
