Deep in another dream  
Thinking about you  
Sailing through the city streets  
Thinking about you  
It's only been a little while  
But I'm thinking about you  
Can't hide another smile  
I've been thinking about you

But I never look back (Never look back)  
Never look over my shoulder  
And I never react (Never react)  
Can't go where I've gone before  
No, I never look back (Never look back)  
Now I've grown so much colder  
And you're fading to black (Fading to black)  
Like it's nothing at all  
It's nothing at all

Deep in another dream  
Thinking about you  
Feels like the final scene  
Thinking about you  
Save it for a little while  
Thinking about you  
Time for another smile  
I've been thinking about you

But I never look back (Never look back)  
Never look over my shoulder  
And I never react (Never react)  
Can't go where I've gone before  
No, I never look back (Never look back)  
Now I've grown so much colder  
And you're fading to black (Fading to black)  
Like it's nothing at all  
It's nothing at all

But I never look back (Never look back)  
Never look over my shoulder  
And I never react (Never react)

Can't go where I've gone before  
No, I never look back (Never look back)  
Now I've grown so much colder  
And you're fading to black (Fading to black)  
Like it's nothing at all  
It's nothing at all (Thinking about you)  
It's nothing at all  
It's nothing at all(Thinking about you)  
Thinking about you
