Oh yeah

Baby, what can I do?
I've been out searching for you
I've got a feeling all I need is a love that's true

Baby, what can I say?
I know this won't go away
I've got a feeling all I need is to see you today

I've been watching the world pass by all around me
I've been letting the days go by 'til you found me

Baby, what can I do?
I've been out searching for you
I've got a feeling all I need is a love that's true

I've been watching the world pass by all around me
I've been letting the days go by 'til you found me

Baby, what can I do?
I've been out searching for you
I've got a feeling all I need is a love that's true
I've got a feeling all I need is a love that's true
