Sleeping late.  
Wasting the day away.  
I don't care what they say.  
I'm gonna stay in bed for a while.  
Sleeping late.  
Everything's down the drain.  
Everything stays the same.  
I'm gonna wait right here for a while.  
I don't care what I've been missing.  
You can call but I won't listen to anything you say.  
I know it can wait.  
I know it can wait.  
Sleeping late.  
Letting the time go by.

Letting my mind run dry.  
I'm gonna disappear for a while.  
Sleeping late.  
Wait 'till the sun goes down.  
Maybe I'll come around  
when all the streets are empty and quiet.  
I don't care what I've been missing.  
You can call but I won't listen to anything you say.  
I know it can wait.  
I know it can wait.
