Don't make me laugh
Don't make me cry
Don't make me wish
that I was constantly alone

You got no cash
You got no phone
And still you act as
if this is your second home

And I can't keep wasting my time
Trying to read your mind
Is it all part of your design?
A part of your design?

No matter what you say
No matter what you do
I will always be suspicious of you

No matter what you say
No matter what you do
I will always be suspicious of you

And when you smile
It makes it worse
But now I've come to realize
that we are cursed

Still I hold on
I don't know why
When every word you sway
is true must be a lie

And i can't keep wasting my time
Trying to read your mind
Is it all part of your design?
A part of your design?

No matter what you say
No matter what you do
I will always be suspicious of you

No matter what you say
No matter what you do
I will always be suspicious of you

No matter what you say
No matter what you do
I will always be suspicious of you

I will always be suspicious

I will always be suspicious
