One day I knelt to God pediendole  
Never thought of you ..  
With tears on my cheek I asked ...  
Have pity on me ...

You came like a wave  
Your image and grabbed my  
That I'd better run  
If my mind does not want to go there

Before you run out yo ..  
I need to know why  
I can not get out of my heart

They said

that love is so strong and it hurts  
and shatters into pieces you dueleee  
that love  
sometimes it is a false  
and when it catches you  
committed errors and mistakes  
and binds you

is pure love does not hurt  
Do not lie does not discuss  
does not hurt ..

oh my poor heart  
do not be fooled more than it hurts  
awake and nooo ...  
do not cry  
alas no longer ignore me  
If you kill Hasman TAS  
despiertaa and you ...  
you die ...

to love if you will hurt  
to lie if it is to know  
to give everything .. by  
to pretend something that is not  
you'll destroy you can not stand it  
the love to you is cruel abuses ....

is pure love does not hurt  
does not argue, do not tomb  
does not hurt ..

Before I run out ...  
I protect my heart ...  
What is fragile  
Before you fooled  
And I do pedazoos  
Should I beware of failure  
It is not easy .....

Yeah Love, love if  
Love .. is pure it does not hurt

Yeah Love, love if  
Love .. do not be fooled duelee

is pure love does not hurt  
Do not lie does not discuss  
does not hurt ..

so that's about all diligence  
Guard your heart yeahh
