I've got all
I need more,
A good girl!

[Chorus:]

I just hope that you're a good girl,
Because you surely look fine to me!
I really hope that you're a good girl,
And I real want to see you in all my dreams!
And I just hope that you're a good girl,
A good girl, a good girl,
A good girl, a good girl!

She â€¦ she bootie popping,
I'll be looking at her all day, night long
The way she moves,
She knows she got it,
Yeah, Shawty got her little fancy going on!
She's the one, I really want,
Cause I've never seen nobody like this one!
No, and damn I hope that you're a good girl,
But I've never seen a good girl â€¦

[Bridge:]

She shakes it up, back it up
Then she get me look,
All eyes on you when you take the floor,
Girl you're the one for me,
And I just hope that you're the one for me!
Yeah! (x2)

[Chorus:]

I just hope that you're a good girl,
Because you surely look fine to me!
I really hope that you're a good girl,
And I real want to see you in all my dreams!
And I just hope that you're a good girl,
A good girl, a good girl,
A good girl, a good girl!

You cut me looking,
Now you know my moving!

We're looking eye to eye,

Want you to get to know me.
So know we're vibing,
You know where my mind is,
But you're thinking that you know
How is gonna end.

My houseâ€¦!
Girl, I ain't turn it into your home tonight,
Justâ€¦ a few minutes of your time!
Cause you make it hard to believe
That a good girl can goâ€¦!

[Bridge:]
She shakes it up, back it up
Then she get me look,
All eyes on you when you take the floor,
Girl you're the one for me,
And I just hope that you're the one for me!
Yeah! (x2)

[Chorus:]
I just hope that you're a good girl,
Because you surely look fine to me!
I really hope that you're a good girl,
And I real want to see you in all my dreams!
And I just hope that you're a good girl,
A good girl, a good girl,
A good girl, a good girl!

D.J. is playing your favorite song,
It seems like you've been waiting on it all night long.
Got all my angels, try to find me an angel!
D.J. is playing your favorite song,
It seems like you've been waiting on it all night long.
Try to find me an angel!

[Chorus:]
You're a good girl,
Because you surely look fine to me!
I really hope that you're a good girl,
And I real want to see you in all my dreams!
A good girl, a good girl,
A good girl, a good girl!
