what she did, what she did?  
she broke my heart and turned me upside down and  
backwards,  
but i turned around and came back again.  
then she tore me up into a million, trillion pieces,  
i should've known!  
i should've known!  
she made a fool of me in front of everybody,  
and i played the role so comfortable...!  
and when she left a lot of mess i was to clean up!  
i should've known!  
i should've known!

chorus:  
oh, oh, oh!  
tell me why she had to go!  
so undecided, yours to be blind,  
so this year i'll stop...  
guess i got what i've deserved!  
just another lesson learned!

i made a choice to love someone who didn't love me,  
and i paid the price, i paid the fault!  
..under the moment i knew you will leave, yeah!  
i should have known, i should have known!

chorus:  
oh, oh, oh!  
tell me why she had to go!  
so undecided, yours to be blind,

so this year i'll stop...  
guess i got what i've deserved!  
just another lesson learned!

she wasn't looking when she walked out of my life!  
she didn't see the tables turned!  
so when she begged me back i told her she could kiss  
my ass,  
she should have known, she should have known!

chorus:

oh, oh, oh!  
tell me why she had to go!  
so undecided, yours to be blind,  
so this year i'll stop...  
guess i got what i've deserved!  
just another lesson learned!

what she did, what she did,  
why she wanna see us one more time?  
what she go, what she go?  
it's funny cause the shawty's never on my mind!  
what she did, what she did?  
she said i'll never find someone!  
i guess she got what she deserved  
just another lesson learned!
