How about I tell the love of my life,  
I'm in love with my best friend  
(Love with my best friend),  
And I'm trying hard to find the word,  
But now it seem to make sense...

So imma just breathe and let it out,  
Breathe and let it out,  
Breathe and let it out...

I will just breathe and let it out,  
Breathe and let it out,  
Breathe and let it out...

Oh baby, lemme holla at you,  
'Cause I really think that we need to talk (Talk),  
By the way that you looked at my eyes,  
I could tell you knew something was wrong  
(Tell you knew something was wrong),  
And as I watched as you tried to play tough,  
With the tears filling up in your eyes  
(Tears filling up in your eyes),  
You put your hands around my waist,  
And helped me tried to rinse it,  
Baby, tell me what's on your mind  
(What's on your mind?),  
My love,  
You've known me from the get-go,

I've always tried to keep it real,  
This situation got me so lost for words,  
But time will try tell you how I feel...

How about I tell the love of my life,  
I'm in love with my best friend  
(Love with my best friend),  
I played it over and over up in my head,  
And I know how it's gonna end  
(Know how it's gonna end)...

How about I tell the love of my life,  
I'm in love with my best friend,

And I'm trying hard to find the words,  
But now it seem to make sense...

So imma just breathe and let it out,  
Breathe and let it out,  
Breathe and let it out...

I will just breathe and let it out,  
Breathe and let it out,  
Breathe and let it out...

Breathe and let it out,  
Breathe and let it out,  
Breathe and let it out,

I will just breathe and let it out,  
Breathe and let it out,  
Breathe and let it out...
